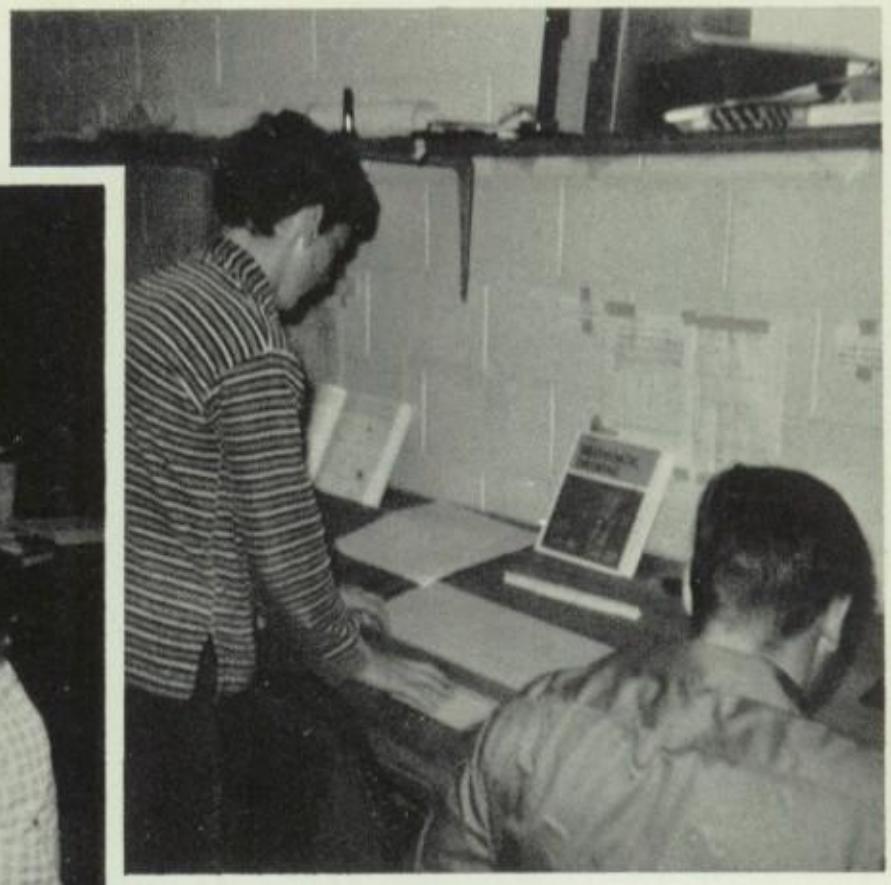
No school can exist without certain pieces which serve to tie it together and form a unified body. N—S.A. is no exception. Participation, assistance, development, sweat, instructions, and fun are important pieces that make up the puzzle of Nansemond—Suffolk Academy. With this thought in mind, we present . . .

THE SCROLL

73-74



Throughout our lives, we, the graduating class of 1974, have come in contact with many people. Our personalities and our lives have been shaped by all the people whom we have known. Many have left us as better individuals, able to think a little clearer, speak a little louder and stand a little taller. Here at Nansemond Suffolk Academy we have encountered many of these people who have helped to make us what we are today and what we will be tomorrow. These people, teachers, coaches, and friends, have encouraged us to respect ourselves. We have learned to use our own minds and our own ideas. We have learned to strive to be better people by following the examples of those people we admire. Because they have been patient with us, we have learned to be patient with ourselves and with others. To all these people, we shall be forever grateful. So it is to these people that we, the Senior Class of 1974, dedicate this 1974 edition of the Scroll, to show our appreciation for the tremendous amount of themselves that they gave to us.

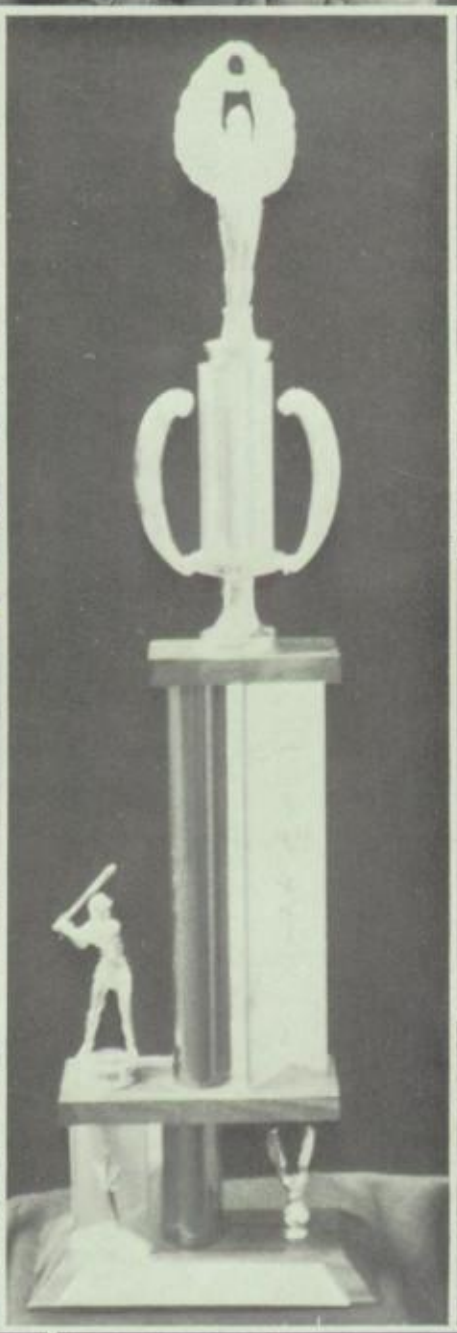
SOFTBALL

Softball Season 1972-73. There were many people who tried out for softball and the competition was stiff. After the team had been chosen practice was held every day despite the weather. A great team, much fun, and a victorious season were the results. At the end of the season the record was 9-1.



These victories came from the great coaching of N.S.A.'s Miss Spruill.

Senior class shows their spirit at a Pep Rally.

Our thetamore year — In the school year 1969-1970, there was no N-SA graduating class as such. We had just begun the first of our many years of high school. Yet we were attending different schools. Many of our present friends were merely names to us then.

The school year 1970-1971 brought about our mighty class. Our homeroom teachers Mrs. Schultz and Mrs. Woodward kept us working by scraping gum off desks and performing other such tasks. Our school spirit left much to be desired. Walking into a classroom, one could see "Chargers" sitting on one side of the room and "Rangers" on the other. The "Saints" were awfully hard to find.

Yet much was accomplished in this year. A feeling of closeness began to develop among us which grew in the following year . . .

The school year of 1971-72 will be remembered by the Senior Class as the year we became true "Saints". This year we were in one homeroom with Mrs. Woodward as our teacher, or leader, as it many times turned out to be. A great pride in our school makes this year stand out in our minds. This year, we won the spirit chain contest, collected large sums of money for school activities, and held bake sales and car washes to raise money for our upcoming prom. Unfortunately, this year had to end. But we ended it in that "good 'ol sophomore spirit" which consisted of a trip to Nags Head and promises of an even greater year to follow . . .

Our Junior year is a synonym for prom year. Our class grew in size and in determination. The majority of this year consisted of raising money for our prom, "Atlantis '73". Under the directions of Mrs. Julia Williams and Mrs. Sue Woodward, we gave a spaghetti supper, sold concessions at ball games, conducted slave day, and held bake sales. We discovered, though, that working together was as much fun as prom night itself . . .

Joseph Lee Mathias

Finally, we come to our Senior year, a year full of senior privilages, college applications, and expectations of our senior trip. Mrs. Poulson, our sponsor, helped us to prepare for the Christmas Dance, the school newspaper, graduation, and all other activities we undertook throughout the year. Looking back over the years, we realize that we have matured greatly since we first entered N-SA. Yet, we still have much maturing to do. With the help of our many patient and understanding teachers, we have gained much knowledge. With this knowledge, we have also acquired a bond of friendship among us. We now realize that our Senior year means much more than we thought. It marks the end of that part of our lives that we spent together as a class. Although we may never exist as one class again, we will always have our memories to share and to cherish. We will never forget those great years at Nansemond-Suffolk Academy.

Assistance, Instruction, Sweat, Participation, Fun, and Development are like the pieces of a puzzle. Without any one of these pieces of the puzzle, the puzzle is incomplete. Separately these elements hold little significance. But when brought together, they form a strong, unified body, Nansemond-Suffolk Academy.
